Freedom of Information Request – Inward Investment

Your request:

- 1. Please could you provide me with data on regional inward project successes for the South East for the period 2002 to date. Can this be broken down by manufacturing and non-manufacturing projects too.*
- 2. Do you also possess data on jobs created and jobs safeguarded through inward investment from 1980 onwards for the South East Region?*

Information response:

As my colleague has explained to you, UK Trade & Investment (UKTI), which is a separate body, holds the information relevant to your request and therefore, with your permission, SEEDA has transferred your request to UKTI.

The contact for your request at UKTI is: Deputy Head for Foreign Direct Investment results, Trend Analysis and RDA Liaison.
