Freedom of Information Request – Empty property rates liability

I would be grateful if you are able to break down, month by month, your empty property rate liability from 1st April 2008 to the present day.

Information requested

SEEDA has a policy of paying all empty property rates in a lump sum at the beginning of the year; therefore we have not provided a monthly breakdown.

A total of £309,070 was paid for the year beginning 1st April 2008 covering 12 properties. An assessment is currently being undertaken on an additional property following its purchase.
