Freedom of Information Request – Construction Projects

Your request:

Please may I receive details of all subcontractors, consultants and suppliers involved in your new build, refurbishment and project managed schemes, please may this information include all P.F.I and P.P.P schemes.

Information Response:

We have transferred your request to Hampshire County Council as the South East Centre for Excellence you referred to in your FOI request has been absorbed within SEIEP.

SEEDA only has an indirect relationship with SEIEP and I believe Hampshire is better placed to answer your queries than ourselves as we do not hold this information.

I enclose the web link concerning SEIEP Construction and Asset Management initiatives. The lead Local Authority for Construction and Asset Management is Hampshire, and a number of contacts are listed here.
