Freedom of Information request - Highway schemes being conducted by Sea Space

Thank you for your Freedom of Information Request, dated 18th February 2009, concerning Highway schemes being conducted by Sea Space.

Your request is:

For highway schemes being conducted by Sea Space, please provide a copy of

1. The policy and procedure to be adopted for cycle audits.
2. A copy of each cycle audit conducted to date.

Information provided:

Highway schemes being conducted by Sea Space.

The only highway scheme we have carried out so far is the Sussex Arms Junction Improvements, which our contractors are currently working on. Other than that, the only other schemes involving roads have been for site access.

1. The policy and procedure to be adopted for cycle audits

Sea Space support cycling as a sustainable transport option. Sea Space works with Hastings Borough Council and East Sussex County Council and relies on their expertise and advice regarding cycle audits, which are carried out wherever appropriate.

2. A copy of each cycle audit conducted to date

Attached are the relevant documents for the Sussex Arms Junction Improvements cycle audit:

- Audit forms completed for this scheme, includes the process that has been gone through.
- Recommendations from East Sussex County Council Highways department, as part of Stages 3 & 4 of the audit.
- Engineers' (Buro Happold) response to audit recommendations
