Freedom of Information request – Daedalus

Thank you for your Freedom of Information Request, dated 6th March 2009, concerning Daedalus.

Your request is:

We are considering a house move to Lee on the Solent to a property called Ross House. This property overlooks Daedalus. Could you please let me know:-

1. Outline details on the part of the land acquired for development and where access would be gained.
2. Is the possible plan to house asylum seekers at Daedalus still being considered?

Information provided

1. SEEDA has recently published a Visionary Framework document on the website <http://www.daedalus-seeda.co.uk/site/seeda/home> and this, along with other supporting information of the website contains up-to-date background information on our emerging development proposals.
2. There are no current plans for Daedalus to be used as an asylum refuge or similar. This was a proposal considered prior to SEEDA acquiring the land.
