Freedom of Information Request – Feasibility report to consider use of a Tower block, currently used by Central Sussex College, as the site for the new University Centre

Thank you for your Freedom of Information Request, dated 13th May 2009, concerning Feasibility report to consider use of a Tower block, currently used by Central Sussex College, as the site for the new University Centre.

Your request is:

This is a request for a copy of the study referenced below

Your BOARD MEETING ON 30 OCTOBER 2008 report states: Gatwick Diamond. SEEDA are currently supporting a demand and feasibility study that will consider the use of a Tower block, currently used by Central Sussex College, as the site for the new University Centre. The Area Team is working closely with other partners, the Local Authorities, Central Sussex College and the LSC to develop these plans in preparation for a bid to HEFCE's University Challenge fund in early 2009.

Information requested

The Demand and Feasibility Study considering use of the Tower block, currently used by Central Sussex College, as the potential site for the new University Centre is currently still in progress. We expect the study to be completed mid July 2009 and it will be available on SEEDA's website shortly thereafter.
