Freedom of Information Request – Fishersgate Community Centre

Thank you for your Freedom of Information Request, dated 2nd November 2009 concerning the leasing of the Old Community Hall Site.

Your request to SEEDA is:

“SEEDA granted funds to Fishersgate Community Centre and the second stage of this was for the demolition of the Old Community Hall and then to be converted into overflow carpark, green space. Whilst the New Community Centre is still under dispute, ADC have leased the Old Community Hall site to WSCC. A letter about this was sent to ADC on the 19-11-2008, but was not shown to WSCC. A copy of this has been sent this evening to WSCC.

This is a brief outlook, and if you can inform me who I should contact all information can be forwarded”

We requested clarification of your information requirement, to which you replied on 7th November 2009, that the information you needed was as follows:

“1. If this area is leased to WSCC, do the FCA have any debt to SEEDA? (We understand this to mean that you request written confirmation of the Terms and Conditions of the original Grant to the FCA).

2. Can SEEDA provide a copy of the letter that Peter Latham (ADC) sent as minuted, 17-12-2001?”

Information Held

1. SEEDA does not hold the information you have requested. However I can confirm that SEEDA will not take action to recover any part of the grant as a result of the lease to WSCC.
2. SEEDA does not have the letter sent by Peter Latham of Adur District Council.
